EIVA ELEGANT, E27 outdoor silicone lamp holder kit for lampshade - the first IP65 wirable lamp holder worldwide

Finish: White

## Description

From today you can create your own custom outdoor lamp thanks to EIVA.

The heart of EIVA is the world's first wirable IP65 lamp holder: thanks to the special insulating gel contained inside and a membrane that rests hermetically on the bulb, this lamp holder is able to withstand rain and storms in complete safety.

Complete with soft touch silicone cover available in many colours, EIVA ELEGANT with double ferrule is water resistant and is suitable for any lampshade with an E27 connection: choose from more than 100 models available in our assortment the one that best suits your needs.

The EIVA Outdoor lighting system is entirely designed by Creative-Cables and will allow you to light your outdoor spaces, like gardens, patios or terraces with customized and unique solutions.

Configure and complete your EIVA system:

- Choose the version of lamp holder that best suits your needs, naked or with soft touch silicone cover.

- Match the IP65 silicone soft touch ceiling rose in the color you prefer.
- Use our 100% Made in Italy fabric-covered 2x1.00 outdoor cables. Combine them color on color or play with contrasts!
- Complete your outdoor lighting with Creative-Cables lampshades, accessories and light bulbs.

Each EIVA component is an international patent by Creative-Cables.

**WARNING:** The EIVA lamp holder is designed for glass LED light bulbs only and has been tested as compatible with the A60, ST64, G95 and G125 bulb shapes that guarantee rating of IP65 protection. The compatibility range is being extended and is currently being tested.
